

Join the Global Alliance of **Aerospace Chemicals Specialists**

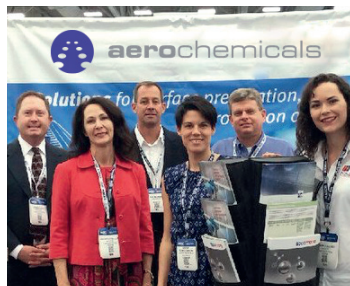

## Why Join Us?

Aerochemicals can help improve your overall performance and competitiveness in the aerospace market.

- **Benefit from international SME managers network - just like you!**
- **Optimised technical and economical solutions**
- **Work with leading aerospace customers**
- **Lobbying in common subjects**

What's unique about Aerochemicals is our ability to give members access to a network of a highly specialised suppliers with fully qualified products.

**Membership of the Alliance will help to expedite your business development.**

Pexa Ltd, Socomore and Sherwin Inc. work closely together to develop synergies which benefit their customers. In 2015, they decided to join forces to invest in developing a leading position in the rapidly expanding Indian market. Pexa, as a specialist distributor with an extensive experience of supply chain management in the aerospace industry, distributes Socomore surface treatment products and Sherwin NDT products. "The aerospace industry in India is growing rapidly and major projects for industry leaders such as Boeing and Airbus are already underway. Together, we are ready to support this rapid growth".

**Jim Rowbotham,**  
**Managing Director, Pexa Ltd**

## What Does it Cost?

**Annual membership costs €5000.**

Member benefits include:

- **Independent business agreements between different partners**
